

Bulletin | Danfoss Turbocor Compressors

# Customer Notification

B-CN-013-EN REV A

June 24, 2015

**SUBJECT:** New Kit Available with Longer IO Cable

## Purpose

The purpose of this document is to inform Danfoss Turbocor customers of a new Longer IO Cable (10m) Kit that is being released and is available for immediate Spare Parts ordering.

## Summary

### Background

The purpose of the new cable is to offer a longer (continuous) IO cable length for Danfoss Turbocor compressors. The interface cable connects the compressor to the compressor I/O board.

TT compressors will still be shipped with the standard 5m cable. This new Longer IO Cable Kit offered will include a 10m cable option when a longer length is needed.

The standard 5m and the new 10m kit cannot be combined.  
The IO cable shall not exceed 10m in total length to ensure uninhibited communication.

### Longer IO cable kit includes:

Kit Number	DESCRIPTION	Picture
100058-4	Cable Harness Assy Chiller Interface 10m (32.81ft)	

## Action Required
