

## ***Our Quality Policy:***

**Danfoss Turbocor is recognized for excellence in quality.**

**This means we:**

- **support our customers in achieving their business goals through committed leadership and a highly skilled, innovative, and agile staff**
- **create and execute effective and aligned processes, and continually improve them to prevent failures**
- **ensure continuous improvement of all products, processes, and services**
- **comply with statutory and regulatory requirements and agreed requirements from customers and other interested parties**
- **ensure ISO 9001 certification and IATF 16949 compliance at all Danfoss Turbocor production locations**

## ***DTC's Environmental, Health & Safety Policy:***

**Danfoss Turbocor protects the health and safety of our employees and other stakeholders and minimizes the environmental impact of our activities. This means we:**

- **provide a safe and healthy workplace for our team members, guests, and visitors**
- **ensure fulfillment of our compliance obligations and applicable legislation and regulations**
- **prevent pollution and manage resources efficiently to minimize environmental impact**
- **act preventively using a risk-based approach and immediately respond to incidents**
- **ensure continuous and measurable improvements**
- **ensure ISO 14001 certification at all Danfoss Turbocor production locations**
